AMERICANS WON.

Men of Warsmen Captured Two Firsts, a Second and a Third in the Boat Races.

RACED WITH GERMAN FLEET BOATS

Americans Had Five Boats Entered in Four Events While the Germans Had Thirty-Seven.

Emperor William Presented the Prizes to the Winners at the Yacht Club—Rr. Adm. Cotton Bids the Kaiser Farewell.

Kiel, June 30.—The American men of warsmen won two firsts a second and a third in Monday's races against the boats of the German fleet. The Americans had five boats entered in four events while the Germans had 37, and the American crews were not familiar with the course and had not specially trained for the occasion.

More than 100 sailing launches covered the lower bay Monday morning, for, besides the boats against which the American crews raced, 80 German boats took part in seven other events. The closest contest and the one which attracted most attention from the Germans was that between the large launches. Lieut. Mustin led after the first quarter of a mile and gradually increased his lead until near the finish he was one-eighth of a mile ahead of the San Francisco's launch. Then what was probably a civilian's yacht, which was running obliquely, yelled something unintelligible to Lieut. Mustin and a few moments later the stranger's bowsprit ran through the sail of the Kearsarge's launch, tearing away part of it.

Before the two boats could be disentangled the San Francisco's launch passed and a hundred yards behind her the launch of the Kaiser Wilhelm der Grosse. Lieut. Mustin and Ensign Steel both outstripped the German boats in turning the buoys, gaining several seconds on each turn.

The Chicago's small cutter competed in another race and came in second, being beaten eight lengths by a boat manned with men from the Emperor's yacht Hohenzollern.

The emperor presented the prizes to the winners at the yacht club Monday night, in the shape of personal gifts to the officers commanding the launches. Ensign Steel received a silver cup.

"I hope you will drink many a bumper out of it," said Emperor William, handing it to him. Lieut. Mustin and Midshipman Rowan, who sailed the Chicago's small cutter, received silver cigarette boxes.

In bidding Emperor William farewell on the Hohenzollern, Rr. Adm. Cotton, on behalf of the captains and officers of his squadron, said they would carry away with them never-to-be-forgotten memories of the hospitality and courtesy that had been shown their stay here. The emperor replied that the visit had been charming to him personally and he hoped it would be enduring in its impress on the friendship between the two nations. Adm. Cotton and the captains of the American warships Monday night attended a dinner given by the yacht club in honor of the emperor and sat with his majesty and United States Ambassador Tower in the garden for an hour witnessing a display of rockets by the combined fleets and the playing of the vessels' searchlights.

The emperor left on board the Meteor at 7 o'clock Tuesday morning for a long sail to Eckenforde.

The American squadron Monday night gave a minstrel show and boxing exhibition. Twenty men and four officers from each of the German ships were present. It was the first time that many of the German sailors had seen boxing.

AMERICAN SQUADRON.

England and Portugal Will Shower Hospitality on It.

Washington, June 30.—The state department has been advised that the governments of England and Portugal are making ready to shower hospitality on the American European squadron. King Edward has arranged to give a grand ball on July 8 in honor of President Loubet and the American naval officers attached to the squadron will be invited to meet the president. On the following day the king will give the officers a banquet in Buckingham palace. The naval end of the reception will make a significant marine spectacle, for the entire vast British channel squadron has been ordered to assemble at Spithead to welcome the "little American squadron" when it comes to port at Portsmouth from Kiel.

It appears that the invitation to the squadron to visit Lisbon was inspired

directly by the king of Portugal, so that the reception there will be of the most formal and official character.

London, June 30.—When the American squadron shall reach Portsmouth it will not lie at Spithead, which is the usual place for foreign warships, but it will be brought into Portsmouth harbor itself. Never before has such an honor been paid to a squadron of a foreign power, for it will place the American warships actually within the gates of the empire.

RUN DOWN BY A TRAIN.

Riley Brock, Husband of Former Wife of Gen. C. M. Clay, Killed.

Versailles, Ky., June 30.—News has been received here that Riley Brock, aged 33, was killed by a train near Longview Ill. He was the husband of Dora Clay, the young country girl whose brief wedded life with Gen. Cassius M. Clay lightened the burden of age on the "Sage of Whitehall's" shoulders and formed one of the most romantic incidents in the venerable Kentuckian's life. Brock, a sawmill hand, married her, after she had separated from Clay. That Clay still had affection for his former girl wife is shown by the fact that he gave her a number of valuable articles and belongings.

OFFICER MISSING.

Lieut. W. K. McCue of the United States Army Suddenly Disappeared in Chicago.

LATER HE RETURNED TO THE HOTEL

A Charge of Bigamy Hangs Over His Head and a Newly Wedded Wife Mourned His Absence.

A Woman in Cincinnati Claims That the Lieutenant Married Her While He Was An Enlisted Soldier at Fort Thomas, Ky.

Chicago, June 30.—Lieut. William K. McCue, of the United States army, has disappeared with a charge of bigamy hanging over his head, and a deserted bride of two weeks mourns his absence and fears he has committed suicide. The bride was Miss Viola Simon, of San Francisco, who married him after a courtship of less than a fortnight. She is now in this city waiting for money with which to return to her father's house.

About the time the lieutenant was bidding his bride good-bye Monday morning and telling her that he would soon return a woman in Cincinnati, who says she is his wife, informed the chief of police there that he had contracted a bigamous marriage. She said her marriage took place while McCue was an enlisted soldier stationed at Fort Thomas.

The exposure was brought on when Lieut. McCue asked his new father-in-law to send cards announcing the wedding to the woman in Cincinnati who now claims to be his wife. She has been living there under the name of Ida Westcott, and had corresponded regularly with McCue until 1900.

McCue and his bride arrived in Chicago nine days ago. She said Monday that he told her they were going to Fort Porter, N. Y., where his regiment had been assigned to duty.

Mrs. McCue said Monday night: "When my husband left Monday morning he said he was going to get his pay and transportation at army headquarters. I waited until noon and then went to see Gen. Bates. My husband had not been there, and then I feared the worst."

The deserted bride's father is Sigmund L. Simon, who has been cashier and bookkeeper in the sheriff's office in San Francisco for 25 years. Mr. Simon communicated with Chief of Police O'Neill Monday through the San Francisco chief, and arrangements are making to send Mrs. McCue to San Francisco Tuesday.

THE LIEUTENANT RETURNS.

A few minutes before midnight Lieut. McCue returned, saying that he had spent the day at Fort Sheridan. The bride, in the meantime, had left the hotel and up to a late hour McCue had not been able to find her. He positively denies the charge of bigamy.

After his return to the hotel Monday night Lieut. McCue was told the exact nature of the charge against him. He made the following statement:

"I never was married to Ida Westcott, all reports to the contrary notwithstanding. My courtship with Mrs. McCue was not a hasty one. I met her in San Francisco before I went to the Philippines. I have a ten days extension of leave from Washington, which does not expire until July 1."

TEMPORARILY INSANE.

Fatally Wounded His Wife, Attacked Son and Hanged Himself.

Altoona, Pa., June 30.—John C. Laar, farmer, 75 years old, while temporarily insane, attacked his wife with a butcher knife while she was in bed. He stabbed her four times, inflicting fatal injuries. He then attacked his son Justin with an ax, but the son overpowered him after a struggle and took the weapon from him. The son ran from the house and informed neighbors. On returning he found that his father had hanged himself to a tree near the house. He was dead when cut down.

THE BREATHITT CASE.

Reasons Why the Trial of Jett and White Was Transferred to Cynthiana. Tribute to Judge Osborne.

[Cynthiana Democrat.]
When Judge Redwine issued the order transferring the Curt Jett and Tom White case from Breathitt to the Harrison Circuit Court, he took Harrison County completely by surprise. Such a move had not been thought of here, and at first the telegrams of inquiry to newspaper correspondents were not seriously considered. Yet, on reflection, it is easy to understand the action of Judge Redwine, and that his judgment is sound none can deny.

Judge Redwine realized that he had made a mistake in trying the case in Jackson. The result may prove, though, that the mistake was rather a fortunate one; for, by first having demonstrated that a thorough, complete and honest trial could not be had at the home of the feuds, the transfer shows that Redwine is anxious that justice be done and that every phase of the miserable business may be examined and passed upon by a people who are interested in no way save to preserve the honor and integrity of the State, to remove a foul stigma from the name of Kentucky, and to prove to the world that Kentuckians will not stand for debaucheries of lawlessness and crime.

Harrison County was selected, it is believed, not alone because her citizens wear the proud badge of a peaceable and law-abiding people who abhor and detest murder and assassination, and because they are just, honest, fair, ready to afford an impartial hearing to all parties; but the county as geographically situated becomes the logical ground for the new trial.

Of course Judge Redwine could not remove the trial to another county in his judicial district, for he himself, to silence criticism, must withdraw from the case.

He could not have transferred it to any other mountain county, because in nearly all of them, to a greater or less extent, the same ethics in regard to such cases obtain; and none of them could be entirely free from suspicion, no matter how just and fearless their officials may be.

Clark County could not have been selected because it is the home of a number of refugees and sympathizers with both factions, and the feeling is pronounced. The same objection applies to Montgomery, Madison and Fayette.

Bourbon would not have been a wise selection on account of the great press of business in that judicial district, occasioned by the trials of the men charged with complicity in the Goebel assassination, as well as the usual large dockets. And in addition, the court house at Paris has not been rebuilt and the trial would have been held under a number of inconvenient circumstances.

Harrison is easy of access to Jackson, though about 100 miles distant. While our people have been greatly moved by the lawlessness in the mountains and deprecate as sincerely as any other people the terrible state of affairs in Breathitt, they are ready to give the accused a fair trial and to mete out justice according to the law and evidence. There are no refugees here and very little acquaintance with the leaders of either faction.

Judge Osborne is an able and upright Judge, strong and firm in his decisions, impartial, honest and fearless, and in his hands there is no danger of a trial degenerating into a farce.

Mr. W. W. Milam, formerly of this city, trainer and manager of the famous trotting colt, John Mc, owned by Dr. J. M. McCready, of Sewickley, Penn., has filed with the Board of Review of the National Trotting Association an appeal for a redistribution of the moneys involved in last year's Hartford Futurity, in which Gail Hamilton was awarded first money—\$7,500—and John Mc second money—\$1,500—and the allegation is made that under the rules governing the race John Mc was really the winner, and not Gail Hamilton. The summaries of the race show that Gail Hamilton won the first, fourth and sixth heats; John Mc second and third heats and Red Robe fifth. It now transpires that the race under the original conditions should have been declared ended after John Mc had won the second and third heats. The original conditions provided that the race should have been a two-in-three affair, rather than a three-in-five event. For the past few weeks Mr. Milam has been completing his case, getting together such statistics as bear directly upon the race, and having received opinions from the best turf authorities now believe that he has a perfect case and has filed a claim for \$6,000, being the difference between first and second money.

WILL NOT VACATE.

Judge Redwine Refuses to Leave the Bench During the Special Term of Court.

IMPORTANT CASES WILL COME UP

The Assassination of Marshal James Cockrell and Dr. Cox to Be Investigated.

Also the Burning of B. J. Ewen's Hotel and Other Arson Cases and Attempt to Bribe Ewen to Perjure Himself.

Jackson, Ky., June 30.—Considerable surprise was created Monday by an announcement from Circuit Judge Redwine that he will not vacate the bench during the special term of court called for next week. The special term was called in order that a special grand jury might investigate the assassination of Jim Cockrell and Dr. Cox, members of the Cockrell faction who were assassinated prior to the killing of Marcum. Dr. Cox was killed in April, 1902, and Cockrell in July of the same year. The assassin of Cockrell fired the shot from a room in the courthouse while Dr. Cox was killed as he passed a stable owned by Judge Hargis.

The burning of B. J. Ewen's hotel and other cases of arson and the attempt to bribe Ewen to perjure himself during the trial of Jett and White will also be probed at the special term.

Judge Redwine, in making his announcement, declared that the clamor from the outside for a special judge was untimely and based on a misconception as to the exigencies of the situation. He said that he believed it to be his duty and to the best interests of justice that he remain on the bench and not throw the responsibility on the shoulders of some one else. It has been generally understood that Judge Redwine was requested by Gov. Beckham to allow a trial judge to sit during the coming special term. A similar request made by the governor prior to the Jett and White trial did not reach Judge Redwine until after the investigation was begun.

A prominent merchant who arrived in town Monday decided to announce his return home after the fashion favored by many Jackson residents when they are in exuberant spirits. He pulled his pistol as he stepped off the train and was about to puncture the heavens with a fountain of bullets. The quickness of the Jacksonian on the trigger was of no avail. A sentry of the provost guard was quicker and grabbed the gun before the merchant could shoot. The offender was taken before Police Judge Cardwell, who imposed a fine of \$25 and costs for carrying concealed and deadly weapons.

THE SECOND REGIMENT.

The Balance of the Companies Will Be Called to Jackson.

Frankfort, Ky., June 30.—Gov. Beckham has determined to take advantage of the necessity for keeping state troops at Jackson, Breathitt county, by making that place the scene of the annual camp of instruction for all soldiers of the Second regiment of the Kentucky guards.

This will relieve the state considerable, as the camp of instruction is especially necessary this year in advance of the combined maneuvers with the regular soldiers of the department of the lakes, which is to be held in this state in October next.

The companies at Lexington, Danville and Shelbyville and the batteries at Louisville have already had camp experience at Jackson, and the other companies of the Second will be called there during July or dates to be fixed by Adjt. Gen. Murray.

The soldiers of the Third regiment will be camped somewhere in Western Kentucky for ten days in August, after the special court at Jackson closes.

Overrun By Army Worms.

Tacomah, Wash., June 30.—Mighty hosts of army worms, in a solid column 150 yards wide, and nearly three miles long, are marching through Walla Walla county. The origin of the worms, which have never been seen before here, is unknown.

Reached the Danger Point.

Yuma, Ariz., June 30.—The Colorado river has risen to the danger point, the gauge of the hydrographic office here showing 27.1 feet as its maximum height within the last three days. Much damage has been done in and around Somerton.

Vienna, June 30.—An American aeronaut named Stevens fell from a considerable height while making a balloon ascension at Leibach. It is feared his injuries will prove to be fatal.

THAT Republican Journal, the Chicago Tribune, takes this shot at Perry S. Heath:

"He has done more to scandalize his party and to injure it in the estimation of disinterested public opinion, than any man who has held an important office since March 4th, 1897."

Well, what about the men who are responsible for Heath?

DEMOCRATS and Republicans alike have always denounced the English policy of the opium monopoly in India and the opening of the Chinese Empire to the opium trade, but the present administration appears to now approve it for it is stated that even a worse opium system is to be forced on the Philippines. The exclusive right to run opium joints in those islands is to be sold at auction, a law for that purpose having been prepared, and is now before the Philippine Commission. This bill is coated so that the American people will be able to swallow it. In order to prepare the American public for the proposal, the War Department lately has been giving out vague information to the correspondents about new opium laws designed to "restrict the use of opium," and that the money derived therefrom was to be used for educating young Filipinos in American schools, as prospective teachers for the islands. A strong protest has been made to President Roosevelt to stop the iniquitous traffic or at least not to make this Government a party to it by participating in the proceeds.

I procured the remedy at J. Jaa. Wood & Son's drug store, corner of West Second and Market streets, and my advice to anyone in need of a kidney cure is to try Doan's Kidney Pills and they will not be disappointed at the results obtained."

BADLY INJURED.

Mr. W. R. Zech Has Leg Crushed and is Otherwise Hurt in Railway Wreck at Point Reyes, Cal.

Relatives in Maysville have received news of the very serious injury of Mr. W. R. Zech in a railway wreck at Point Reyes, California, Sunday, June 21st.

The wrecked train was returning from a funeral at Tomales, and while running at high speed went over an embankment, several passengers being killed and a number of others injured.

Mr. Zech had one leg crushed and one thigh fractured and was badly bruised about the head. It was thought his leg would have to be amputated.

The San Francisco Chronicle, in its account of the accident, says: "Mr. W. R. Zech, of 2544 Howard street, called constantly for help and asked that the position of his leg be changed. At his request it was moved to the left. 'I cannot stand that,' he cried in agony. 'Place it the other way.' This only seemed to make it the more unbearable. Mr. Zech for the past three months has acted as the nurse of Warren Dutton, at Tomales. He also suffered from a broken thigh, and was unable to describe his other injuries, but they were as nothing to what he suffered from the broken leg."

BASE BALL.

Nebraska Indians to Play the Y. M. C. A. Team Wednesday Afternoon.

A game of base ball that will probably attract a big crowd will be played at the Sixth ward park Wednesday afternoon. The opposing teams will be the Nebraska Indians and the Y. M. C. A.'s. The game will be called at 3 o'clock.

The Indians composing this team put up a great article of ball, according to reports, having lost only six games this season. At Newport last Sunday they defeated the Bellevue Browns by a score of 6 to 0, the Browns making only two hits. The Indians have a white pitcher by the name of Snow. Their playing is pronounced remarkably fast and clean.

The Y. M. C. A.'s ask for a liberal patronage to-morrow afternoon.

ALL KINDS OF

FIRE

With a good Gas Range you can cook your soup over a slow
fire, which it needs, and your roast over a quick fire, and both at
the same time. How can you do this anyother way than with a
GAS RANGE?

**Gas Ranges
At Factory Cost Price!**

Never was such another opportunity afforded you to obtain so
much value for the same money. During the month of June the
Gas Company will, if so desired, make a written agreement with
any purchaser of a Gas Range to the effect, that, if on the first day
of August, said purchaser shall have become dissatisfied with the
use of their Range, either for the reason that it will not do the
work as represented, or that it costs too much to operate, then the
Gas Company will take back the stove and refund any money paid
upon its purchase price. The only thing to prevent you taking ad-
vantage of this offer is that the Ranges are sold quicker than they
can be connected up, so if you are thinking of buying one, now is
the time to decide. Over twenty installed during May and not a
single complaint. For further particulars see the Gas Company
and sample Ranges at Langfels & Co.'s.
